

Congratulatory Message

Ondo state governor, Dr. Olusegun Mimiko congratulates Ondo state contingent to the on-going National Sports Festival in Port Harcourt, Rivers State for doing the state proud.

It is a thing of joy and pride for me and the good people of Ondo state that our athletes improved tremendously from their eleventh position in the past two National Sports Festivals in Abeokuta and Kaduna to now occupy the 4th position at the current edition in Port Harcourt which closes tomorrow.

This is despite that fact that we did not join other states to use mercenaries as competitors because we have confidence in our core value- Ise Loogun ise, which has now paid off and will continue to pay-off.

The admirable performance of our athletes and their officials goes to show that our moderate but consistent contribution to sports and youth development is on the right path and the government promises to do more.

I am particularly proud that our sportsmen and women have been performing well in competitions, what with the current position of Sunshine Stars Football Club in the National Premier League and international competitions.

The government shall leave no stone unturned to ensure that Ondo state is ranked among the best sporting states if not the overall best in Nigeria.

Once again, I congratulate our athletes at the Garden City Games and wish them Journey mercies home.
