

Dont place congratulatory messages print or electronic media on my birthday - Dr. Olusegun Mimiko

The Governor of Ondo State, Dr. Olusegun Mimiko wishes to express his deepest gratitude to those wishing to place congratulatory messages in both the print and electronic media on his birthday and advise them not to do so.

Instead, Mr. Governor is soliciting for prayers for him, and the success of his government as well as the overall progress of Ondo State.

Governor Mimiko will also appreciate the presentation of funds meant for such congratulatory messages as charity to the less privilege children and old people.

Thank you and God bless.

Akinwale Oshodi

Special Assistant to the Governor (Electronic Media)
